Subject: **Coaching Services—thank you!**

Dear Baha,

I want to take a moment to say thank you! As my coach, you've helped me enormously in weighing my options and making sound business decisions. I have newfound confidence in evaluating new emerging opportunities and considering their impact on my business and personal life. As a small business owner specializing in communications consulting, I appreciate the wealth of experience you have in the corporate arena that you bring to your coaching practice.

You have guided me in navigating the risks of information overload and introduced work/life balance as a reality in my life. After applying your techniques and insights I am more organized, clear about my priorities, and have the advantage of greater freedom from overwhelm!

Many thanks Baha—your coaching is making a difference to me professionally and personally.

Sincerely,

Michelle I. Hutchinson
President
