

Faith Strengths 101 | *An Introduction to Strengths in Faith Communities*

Great leaders do things differently than average leaders. Regardless of their unique abilities and practices, all great leaders have one thing in common -- they know their talents and leverage them in their daily lives. Participants in Strengths 101 will learn to define their top five strengths as assessed by the Clifton StrengthsFinder and apply those strengths in their lives through strengths-based principles, concepts, and practices.

During this two-week interactive online experience, leaders will gain a strong foundation of the strengths-based approach.

Participants will gain a rich understanding of the science and language of Gallup's strengths philosophy. Participants will experience the positive impact of identifying and developing their own strengths.

Rich in content, Strengths 101 gives participants the opportunity to interact with one another via discussion boards and webinars led by a Gallup strengths performance consultant.

Whether you are a faith leader, pastor, or volunteer, this course gives you a solid understanding of the basics of strengths.

Strengths 101 is a two-week program. Your tuition includes the following:
